*Elopements & Portraits*

*35mm film, digital + Short films.*

*Specializing in elopement weddings, the soonest I book weddings is 3 months prior.*

## Wedding Elopements

Digital Photography or Videography

(3 months prior booking)

\$1300 for up to 6 hours,  
+\$100 for each additional hour.

Or \$300/hr

Additional Photographer/Videographer +\$100/hr, when available.

requires %50 down or \$500 to book & signed contract. All fees due by wedding date.

(30 days or less booking)

\$1000 for up to 6 hours,  
+\$50 for each additional hour.

Or \$200/hr

Additional Photographer/Videographer +\$50/hr, when available.

requires signed contract. All fees due by wedding date.

Film Photography \$20 per roll (24-36 exposures per roll)

Not everyone can see/feel the difference but if you prefer film let's chat about it.

Not all film is equal. Each film stock gives a different look entirely. 35mm films have 30+ exposures per roll. Some of my favorite film stocks are fuji 400h, Portra 400, Portra 800, Ektar 100, Kodak gold 200 and Ilford Delta 3200. Take a surf around the internet to look at different film stocks because I'd love to use a stock that gives you the look you want most.

Post Wedding Video Editing? +\$250

This is already included if you hire me to be your videographer, but if you decide to hire me for the post work only. Ask for more details. You film it and I'll make it beautiful. With the help of friends, go pros, camera phones, etc. You can capture video footage of your wedding, upload to dropbox folder or google docs & I'll put together a wedding highlight & vlog (video story.)

*Let's go on an adventure & take a lot of photos!*
